### #6 Sabrina Ketcham, \$100,217

- Won the Sheridan WYO Rodeo
- Won the Dodge City, KS Round-Up
- Won the (Spanish Fork, Utah Fiesta Days Rodeo)

Age: 41

Hometown: Yeso, NM

Joined WPRA: 2003

**BRR:** Which horse(s) are you taking with to the finals?

**Ketcham:** Swivel Ta Fame "Swivel" 11 year old sorrel gelding 15'1 1100 lbs. and Write it Thelma "Uno" 16 year old sorrel mare 15'1 1300 lbs.

**BRR:** History of your horse(s).

**Ketcham:** My Mom bought Swivel at the sale barn in Roswell NM for \$1200, she ranched on him and we started him on the barrels, she hauled him to the jackpots for a couple years. I have been riding him for the last four years. Our good friends Dave and Beth Bashor raised Uno, I bought her as a three year old for \$1500, I ranched and roped on her and started running barrels on her as a futurity colt.

**BRR:** What are the 3 most important things you do during the year to keep your horse sound and working all year long?

**Ketcham:** I put a lot of work into getting and keeping my horses in great physical condition. I try not to haul over 12 hours a day. I go out of my way to make sure they have a good place to lie down and get some rest.

**BRR:** What are the first 3 most important qualities you look for when picking a prospect to make a rodeo barrel horse?

**Ketcham:** Although I don't think bloodlines are a must, they are a place to start. After that conformation, balance and the way a horse moves tells you a lot about how agile it will be. It's hard to tell how much heart and try a prospect has and that's the most important thing. It takes all kinds to be a successful barrel horse. Swivel doesn't have the conformation or look that anyone would pick, but yet he's an amazing athlete.

**BRR:** What 1 improvement would you make to professional barrel racing?

**Ketcham:** We need to be progressive and use the technology available. In a time where information can be so easily distributed, there

is a tremendous opportunity being missed to promote the sport and the athletes within it. Communication within the association and input from the members could further the opportunities of our sport.

**BRR:** What is the most unique habit or behavior your horse has?

**Ketcham:** Swivel is never still; he sticks his tongue out, digs lots of holes, and splashes the water out of buckets. Swivel is not short of personality. Uno's scared of everything and is a huge drama queen about it.

**Saddle:** Merrill Saddle on Swivel, Pozzi on Uno

## Duke injured, will not run at NFR

Two-time world champion, Brittany Pozzi, will not be riding Yeah He's Firen at the 2013 Wrangler National Finals Rodeo.

Yeah He's Firen, "Duke," named after well-known trainer LaTricia Duke, came up lame at the Elite Barrel Racing competition in Waco, Texas, on Nov. 15. Dr. Marty Tanner, Duke's veterinarian, from Elgin Veterinary Hospital in Elgin, Texas, said, "Duke has a deep digital flexor partial tear in the foot and is undergoing bone marrow stem cell regenerative therapy."

For Pozzi's tenth trip to the NFR, she will be wearing the number 33 on her back and riding She's Free to Flame, owned by Trip and Callie Duprier, and Terrible Tommy Twist owned by Sammi Bessert.

## Stock contractor Bob Barnes dies at 84

Bob Barnes, a ProRodeo Hall of Fame stock contractor who is one of just two men to provide stock for all 55 editions of the Wrangler National Finals Rodeo, died Nov. 23 at Careage Hills Nursing Home in Cherokee, Iowa, where he had been residing since undergoing surgery last February. He was 84.

Barnes had spent the days prior to his death visiting with family and friends about the upcoming Wrangler NFR. "He just went to sleep," said his eldest son, Marty. "He had been asking questions just a few hours earlier."

Barnes, known as the "Colonel," was the premier rodeo producer in the Midwest who always prided himself on being able to produce what he advertised - a top professional rodeo.

Born April 19, 1929, in Cherokee, Iowa, Barnes started his rodeo career as a teenage amateur bareback rider. In 1950 he and his sister, Marj, decided to try their hand at producing rodeos.

Their first professional show was produced after he completed service in the Marine Corps during the Korean War. By 1953, they hit the road with a full string of stock and the Barnes Rodeo Company was on its way.

In the 1950s, the farthest rodeo away from the family's Peterson, Iowa, ranch was 350 miles. In the '60s, the fleet grew and so did the distance, to about 600 miles. Now the fleet has grown to four tractors, 12 trailers, and numerous pickups. The company travels through 32 states and more than 100,000 miles a year, with the furthest rodeo being more than 1,500 miles away.

Now named Barnes PRCA Rodeo, the company is the longest-running, individually-owned-and-operated stock contracting firm in the country and the major contributor to developing rodeo in the Midwest.

Barnes was the 1984 PRCA Stock Contractor of the Year, was inducted into the ProRodeo Hall of Fame in Colorado Springs, Colo., in 1994, and the National Cowboy & Western Heritage Museum Hall of Fame in Oklahoma City in 2010.

He served for many years on the PRCA Board of Directors and the National Finals Rodeo Committee; his younger son, John, is currently a member of the PRCA Board and is the livestock superintendent at the Wrangler NFR.

Barnes PRCA Rodeo has hauled stock all over the United States and Canada for more than 60 years. The company has produced the PRCA rodeos in Buffalo, Minn., and Spooner, Wis., for more than 50 years each.

Services will be held Friday, Nov. 29 at the Sutherland (Iowa) Church of Christ, with visitation from 9-11:30 a.m. and the memorial service at 1:30 p.m. Lunch will be served following the graveside service in Cherokee.

The family requests all memorial contributions be made to the Sutherland Church of Christ or to Midwest Christian Services in Peterson.

Barnes is survived by his daughter, Mitzi (Michael) Johnson; sons, Marty (Kendall) and John (Cynthia); 10 grandchildren and one great grandchild. He was preceded in death by his beloved wife of 53 years, Donita. --Courtesy of [www.ProRodeo.com](http://www.ProRodeo.com)

**BRR:** History of your horse(s).

**Pozzi:** Teddy is owned by Trip and Callie Duperier and I ran her a lot this summer and fall. Tommy is owned by Sammi Bessert and has been a dominate horse in the Wpra for the last 3 years.

**BRR:** What are the 3 most important things you do during the year to keep your horse sound and working all year long?

**Pozzi:** I think the fact that I don't change things up and keep them consistent in everything from their feed to their shoeing and vet work. I will drive out of the way or fly people in just to keep my program the same. A huge part of my success is also my sponsors Purina, Platinum and my vet Marty Tanner and shoers Carl Weber and Brad McGilchrist.

**BRR:** What are the first 3 most important qualities you look for when picking a prospect to make a rodeo barrel horse?

**Pozzi:** I don't really pick prospects anymore because I raise my own now, but when I was looking I don't usually pick the fastest horse at the jackpot or futurity. I look for the most consistent and one that handles all types of ground and arena setups.

**BRR:** History of your horse(s).

**Bass:** We bought him as a 3 year old from SeBelle Dymmek. My sister (Kristen) was kind of scared of horses so my Dad went to SeBelle and asked her for her safest, calmest horse she had and that was Cowboy. He was just trotting the barrels and he didn't want to go any faster. Kristen high school rodeoed on him and it took him a while to come around but he ran good for her. He actually was started as a pole horse, he is actually a 19 second pole horse too. I think that helped him out with becoming a good barrel horse. My sister handed him over to me when he was 7 because she didn't want to rodeo after high school. I rodeoed on him my freshman year of high school. That year we won the Georgia/Florida Youth Rodeo Association, and were the Champion Barrel Racer in the Florida High School Rodeo Association. I went on to win 3rd at the National High School Rodeo Finals that same year. That was the only year I high school rodeoed since then I just went to big barrel races waiting to turn 18 and go to prorodeos. In 2011 we were the Reserve for WPRR Rookie. In 2012 we ended the year #6 in the World with earnings of \$154,304 and this year we sit #8 in the World with earnings of \$87,514 heading into the NFR. He now has earnings around \$300k.

**BRR:** What are the 3 most important things you do during the year to keep your horse sound and working all year long?

**Bass:** A good vet, good shoer, and a good feeding program while keeping your horse in great shape (horse is exercised daily and in top shape) are the most important things to keep your horse working at his/her peak all year.

If you have a great shoer it helps keeps your horse sounder during the year and reduces your number of visits to the veterinarian.

**Bass:** One big thing, I think, is that a horse can handle the ground well and is smart about taking care of themselves and their feet.

If I were to look for another Cowboy I would look for a very laid back and calm horse. Basically, for me it fits my style better to find a horse that comes into their speed slower.

Overall, I am really looking for a both mentally and physically smart horse.

1250lbs. and French Dream (Kickin) owned by Kim Schulze, he goes to the left as well, back up horse, 11 year old, chestnut, gelding, 15.1, 1050 lbs

**BRR:** History of your horse(s).

**Jacob:** Marne Loosenort trained him and had him during his futurity year. She ran him as a stud and went to the right, then Angela Mikles bought him from Marne and gelded him and started going to the left. When I bought him in February 2012 from Angela, he had gone left for a little while and was pretty solid to the left. He had never been to a rodeo yet when I bought him. I seasoned him at amateur rodeos last year and then started entering the slacks at the pro rodeos. He probably has about \$100k in lifetime earnings at this point.

**BRR:** What are the 3 most important things you do during the year to keep your horse sound and working all year long?

**Jacob:** I try to choose the rodeos I enter. I enter myself, so I try to make sure I enter in a way to limit the miles and the runs on him. Like this year, I actually only ran at 49 rodeos. In fact, during the year I turned out of Cheyenne, I had driven from Calgary to Nampa and I was tired and my horse was tired, my trailer was broke down, so I just turned went straight to Salinas when I was ready to go and had a few days off for me and Bo.

I try to let him be a horse. I turn him out and be in a pasture and play as much as I can. He loves to play.

Lastly, I pay really close attention to him and really get to know him. When you are out on the road, you are with them a lot and you learn a lot about them and you just know when something is a little off. Trust your intuition with the horse, and don't put it off if you think something is wrong.

**BRR:** What are the first 3 most important qualities you look for

when picking a prospect to make a rodeo barrel horse?

**Jacob:** First I look for speed. Secondly I look for toughness; and lastly I look for a good mind.

**BRR:** What 1 improvement would you make to professional barrel racing?

**Jacob:** Since it is my first year, I don't have a lot of experience with everything yet but I do know that the entering system is hard to master.

**BRR:** What is the most unique habit or behavior your horse has?

**Jacob:** After I get done warming him up, I get off and hand walk him and if we walk towards the arena he will just stop and look at you for a while. Then eventually he will decide to go, so I just plan around that. Also, he is deathly afraid of cattle. When I am saddling and handling him, somedays he is an angel and the next he will walk all over you while you are trying to saddle him. He is a little bipolar that way.

**Saddle:** Carl Ammerman Barrel Saddle (I ride a saddle I won when I was 8 in 1998 running straightaway barrels and the stirrup leathers were way too short so I had to put new ones on it!)

**Pad:** Classic Equine Zone pad

**Leg Gear:** Classic Equine polo wraps, Classic Equine 3DX bell boots

**Bit:** Twisted Dogbone combination bit

**Head Gear:** Wire Tiedown

**Feed:** Nutrena Vitality 14% Sweet Feed

**Hay:** Coastal and Alfalfa

**Supplements:** I did horse hair analysis and have supplements that are customized for him. They are all from Magnum Equine Health.

**Additional Care:** Use a Respond Blanket, I work on him with

**BRR:** History of your horse(s).

**Lockhart:** Tim Bagnell (B Bar Heart Performance Horses) bred and raised Louie, he was money earner in working cowhorse and the 2006 Montana Snaffle Bit Futurity winner in Montana as a 3 and 4 year old. He came to our house a long 4 year old and he went to only one futurity his 5 year old year at the end of the year. Then, I just started seasoning him on the road as a 6 year old. He went to his first rodeo in the August of his 6 year old. He had to get seasoned rapidly his 7 year old year because I lost Bugs (FCS Bugsoffsight). I had to use him at building rodeos because I lost Bugs. He had one circuit rodeo, then the circuit finals, then the CFR then the NFR last year. He did really well at the CFR and got stronger every round. I never planned on riding him all 10 rounds at the NFR but with Chisum hurt I had to and it was sure a blessing. The indoor rodeos aren't Chisum's forte but I wouldn't have ever been able to get myself to ride Louie all ten rounds unless Chisum was hurt. Louie handled it great and won over \$100k at the NFR in 2010 and was very successful in 2011 and 2012 as well. He won the CFR Average in 2011 and 2012 and now 2013. His lifetime earnings are over \$650k+. He will be my main mount going into the NFR. (As a side note, Louie and Lockhart, just came off winning the year end Badlands Circuit Championship and the Canadian Champion-

ship (over \$88k in season earnings) just a couple weeks ago).  
I will use Chisum as a backup horse and he has LTE of \$400k+.

**BRR:** What are the 3 most important things you do during the year to keep your horse sound and working all year long?

**Lockhart:** Mostly for me it is having them in great physical shape. To maintain this I do a lot of long trotting and try to ride everyday. I might only ride for 20-30 minutes but it is a cardio workout (a stiff long trot) not a leisurely walk. Plus, I turn them out on pasture everyday so they exercise themselves. It really depends on what works for you and your horse.

Paying attention to what makes your horses happy, it is not about me it is about them. If I have to go 2 hours out of the way to have them put up where they can be out of the rain I will do it. I do everything I can while on the road to keep them happy.

Lastly, have a good rapport with a good veterinarian and stay on top of their soundness.

**Lockhart:** If the horse is old enough to be ridden, I go on how they feel underneath me and how they move. Secondly, their mind or willingness. In training horses, their mind and willingness is huge. Lastly, I always take into consideration their conformation. However, I have had 4 different horses that were all top horses, and they each were built different and were bred different, but they were all willing and had great minds.

**BRR:** What 1 improvement would you make to professional barrel racing?

**Lockhart:** Consistency in the ground conditions throughout the performance and slack at a rodeo. Especially anymore when thousandths of a second could make a difference.

**BRR:** What is the most unique habit or behavior your horse has?

**Lockhart:** He playfully likes to bite or chew but sometimes those playful bites turn into cheap shots. Sometimes when I pony Louie out for his cardio he will bite Chisum and make him mad. He is a

# RFD-TV's The American—The Boys Are Back In Town

By Tanya Randall

Talmadge Green, one of the barrel racing's richest riders, led the Top 10 Semi-Finals Qualifiers to RFD-TV's The American on the Platinum Productions Race, held Nov. 22/24 in Jackson, Miss.

Green, who resides in nearby Sandy Hook, Miss., rode the extremely talented and agile RLJ High Intedsity to a 14.185 on the bottom of the heavy ground to pocket \$2,430 and earn the right to compete at the Semi-Finals Rodeo at Mesquite, Texas, at the end of February.

Known around the barn as Slick, RLJ High Intedsity is by Streakin Again out of Thoroughbred mare Lite Me Up, by Lite The Fuse. Slick, a 5-year-old gelding, was trained and campaigned by Brett Monroe, Gay, Ga, for Homer Beasley. After winning several futurities including the BFA World Championship Futurity, Slick was one of the nation's leading futurity horses for 2012. He was purchased by Dino and Joan Chouest, Cut Off, La., after the BFA World for their daughter Allie, who along with her younger brother Max is coached by Green. Slick wasn't in Green's barn long before his late fiancé Megan Stockstill started seasoning him to rodeos.

"I've had the horse a year this December and he's a really good horse," said Green. "Megan rode him at some rodeos and this was my ninth run on him; I've won four barrel races on him and never finished worse than fifth. I'm very fortunate with the Chouest family and my other clients to have some of the best open horses in the country here."

Right behind Green was fellow NBHA 1D World Champion Kebo Almond, Williamson, Ga., and HM Cornerstone with a 14.292. Like Slick, HM Cornerstone is a past BFA World Futurity Champion. The 6-year-old gelding, by Docs Getting Reckless out of Bashful Dash, by Royal Quick Dash out of Bully Bullion mare, is owned by Johnny Knight, Hazelhurst, Ga.

Robyn Herring and her great stud Firewaterontherocks ("Hap-

"I ran him Friday and caught a barrel," commented Herring of the studs return to the arena after nearly a yearlong hiatus. "He's like putting on an old pair of blue jeans that are worn and comfy."

With the \$1,283 in earnings, Happy, the winningest son of Fire Water Flit, is within \$700-\$800 of surpassing the \$200,000 in career earnings. But, Herring has no plans to burn up the road again.

# Headin' For Home

by Sherry Morrison  
Triple M (Mike Morrison Ministries)

Recently, Mike and I were out in the driveway working when a pickup we didn't recognize turned in and drove right up to us. Mike said, "Who is that?" I didn't know. The window rolled down and lo and behold it was a friend that we hadn't seen in years! He got out and we laughed and hugged and the years just melted away as we talked and talked! We remembered the days when we team roped nearly every night and went to jackpots on weekends! Those were such great times together! Then we all got busy with life and our circumstances separated us. Still friends... just apart. After a while he had to go, so we made plans to not let so much time go by without making contact and with a light heart we watched him leave.....

And God said.....some of my kids have gotten busy with life and I don't get to see them either..... Now don't misunderstand, God said He would never leave us or forsake us so He is ALWAYS right there. However, we all know that we can get caught up in stuff and we don't spend any time with the One who created us,

bleses us, died for us and has all the wisdom we need in every situation. We have stopped going to church except on Christmas and Easter....we are just tired at the end of the day after all, and, well, you know...

I was impressed to remind all of us that when we are done doing all those things that we think just have to be done, if we turn back to God, He will be waiting with open arms to welcome us back, just like when our friend came up our drive.....

THERE IS GREAT COMFORT IN KNOWING YOU ARE IN THE PRESENCE OF SOMEONE WHO IS ABSOLUTELY 100% FOR YOU!

Happy Thanksgiving!

**M**ike Morrison and his wife Sherry are ordained ministers in their own nondenominational church in Gillette, WY. They also travel widely as circuit riders ministering over a large area of the western states.
