## Stevi Hillman & Cautro Fame Flying for Win at the Red Bluff Round-Up

By Tanya Randall

Jason and Melissa Mouton's hard-running gelding, Cautro Fame ("Truck"), was another happy horse to escape the claustrophobia and firm footing of the indoor winter run. The 10-year-old gelding carried Stevi Hillman to a \$5,535 championship at the \$15,000-added Red Bluff Round-Up in northern California.

"Truck was due for a win," said Hillman of the Dash Ta Fame gelding out of Brandy Wilson-Mehl's Streak Laico Bird mare Princess Streaks. "It's been a while for him."

Hillman and Truck were eighth in the first round with a 17.556.

"Our first run, he was a little long, longer than I had hoped," she said. "He was just flying. He loves running outdoors. He can win indoors, but it's hard for him and it's harder for me. This was our first run back outside. He had a lot of energy and I breezed him on the track a couple of days before I ran, so I could get some of that out of him, but when he took off for that first, I was like, 'Oh my God! Come back to me!' He did, but he was just a little late turning that first barrel. It was hilarious."

All contestants made their first runs in slack on Friday morning with the top 36 times coming back to fill three performances. Hillman made her second run on Sunday. Although the barrel racing championship was determined by a two-run average, the PRCA events had a short round so the electric atmosphere carried was felt by the horses.

"It's a fun perf to run in because it's the finals for them," said Hillman, who wanted to thank the Red Bluff rodeo committee for their efforts as well as the Mouton's for supporting her in her journey. "So, it's a little more exciting."

Truck felt the excitement, turning in a 17.02, the fastest run of the rodeo to win the second round and average.

"He wanted to take off from the back," laughed Hillman. "He was firing. He was running so hard. I knew he was going to turn. I knew I could trust him, so I just held on and let him run."

Hillman will run at Lakeside Thursday morning, the first round of Clovis Friday morning and Springville Saturday morning. After those rodeos, she'll will head straight to Guymon, Okla.

"We hope to be home on May 8," she said. "Ty will be home for not even a week and he'll have to drive back out here (to California) with Truck. We've got Redding Champion's Challenge, Santa Maria Champion's Challenge and Spanish Fork Champion's Challenge on June 3. I'll go to Fort Smith and have a friend go with me to help. I've got three derby horses and two futurity horses at Fort Smith,

The Kelsey Mae Davis Memorial Scholarship awards funds through both the Carlsbad Foundation and its online application process. The recipients from the Carlsbad Foundation are Ritchie Chacon (Loving, NM) and Sarah Brown (Carlsbad, NM). Awardees from the online application are Briana Rodriguez (Loving, NM), Carly Kantrowitz (Carlsbad, NM), Carolyn Jo Benitez (Lubbock, TX), Garrett Ethan Wright (Clovis, NM), Katherine Barrington (New Home, TX), Kenzie Jones (Rolla, KS), Kristin White (Carlsbad, NM) and Madison Haley (Portales, NM).

“Congratulations to all the recipients! We had an outstanding pool of applicants, there were difficult decisions made by the selection committee. ## All In Barrel Race Sets Dates for 2017

All In Barrel Race is proud to announce a new a multi year agreement with Boyd Gaming and The Orleans Hotel and Casino in Las Vegas, to host the 2017 All In Barrel Race this coming December.

Last year the All In Barrel Race made its debut at the World Market Center in Downtown Las Vegas during the WNFR. The event paid out over half-a-million-dollars in cash and prizes during the weeklong competition.

“The 2016 barrel racing event was a huge success,” said All In Barrel Race’s event producer, Chris Woodruff. “That success adds excitement and opportunity for the event to grow into one of the largest barrel racing payouts in the country.” “We’re excited to bring a high-energy barrel racing event to Orleans Arena and add another compelling entertainment option for fans in town for Rodeo Week.”

The event begins Dec. 10 and will run through Dec. 17 and will wrap up with a RFD-TV, The American Qualifier for barrel racing

on the Dec. 17 following the All In Barrel Race Showdown Round. The 2017 All In Barrel Race has increased its prize purse to \$300,000 and will continue to reach the goal to become the most exciting destination for barrel racers from all over the U.S. to come compete.

Contestants are expected from as far away as Canada and Florida to compete in the All In Barrel Race. Last year’s race hosted over 600 barrel racers from all across the nation.

“The 5D racing format allows every level of a barrel racing competitor,” Woodruff adds. “From the weekend warrior to the seasoned professional, an opportunity to compete in Las Vegas at the All In Barrel Race. Each level has the chance to win a \$10,000 first place prize in their D.”

## Revolutionary Hay Feeder Invention

In 2010, Lisa Boudreau was hospitalized with neurological and cardiac symptoms, couldn’t walk and was unable to care for her horses for months. She and her horse Master had been bitten by Lyme infected ticks a year before advanced symptoms surfaced. Once Lisa got back on her feet, lingering Lyme symptoms inspired her to find an easier way to feed hay.

“I needed a way to get hay out the the horses without making so many trips,” she said. “I was filling a kiddie pool and dragging it, when I got the idea it would be much less effort if I could just roll something out to them instead.”

Various feeder prototypes have been developed since 2012, including a unique patent pending “donut design”. It allows horses access regardless of the level of the hay or the feeder’s orientation. It also provides a very fast and effective way to rinse hay of air-borne allergens that could cause costly respiratory problems. Equine asthma, or COPD, renders many horses unrideable and sometimes results in a shortened lifespan.

Tumble Feeder’s lightweight flexible framework makes it easy to fill and this “stall size” holds the flakes from an average square bale or equivalent in loose hay from around bale. There are no metal parts other than the snaps, so no sharp edges to harm a horse. It’s made to be mobile, but can be tethered or hung like a hay net for horses wearing shoes.

A Tumble Feeder can be used with slow feed netting to reduce the rate of consumption and prevent hay waste and mess. It can be adjusted so horses have free choice access to the hay.

From now until May 25th horse owners and care givers can order the revolutionary Tumble Feeder, through our [kickstarter.com](http://kickstarter.com) campaign, at an introductory price. With the help of this international crowdfunding campaign, horse-tough custom parts and materials can be purchased in bulk allowing us to keep the price of both the units and shipping reasonable.

Discounts are offered for early ordering only and there is an all or nothing goal to raise \$50,000. If the goal is not reached by the deadline, pledges are not charged.

Hillman said she enjoys futurities because of the training aspect of them, but her heart is with the rodeos.

"I love the traveling," she said. "I'd rather not rush them for a set date. It's a lot of fun having them out here and seasoning them. That's why I entered Fort Smith as my first futurity this year, because it gave me extra time. My horses are a little behind, but mentally they're a lot stronger because they've been out here with me. I'm more concerned with selling solid, good horses and rodeo horses in the long run than just going to the futurities."

While Truck is out west for the Champions Challenges, Hillman will rely on Matt and Bendi Dunn's former futurity standout MCM ImasharpGuy ("Sharpie") for the good-paying rodeos closer to home. Luckily, it's easy for her to go between the two horses.

"They're awesome to have because they are so similar in their style," she said. "Sharpie is a lot lighter on his feet. Truck is a big, heavy brute, but they do have similar turning styles so I'm able to stay in the same style of riding. And, they're both ornery as heck."

Hillman is currently fifth in the WPRA World Standings with \$49,309.

# Stokes Stuns Competition at UBRA Futurity

By Hope Sickler

BJ Stokes and Snowlucky were the showstoppers this past weekend at the UBRA Futurity held in Heber City, Utah at the Wasatch County Event Complex. Snow Lucky, who is by Snow Bound and out of Luck Sure E Tacs by Dash Ta Fame, is a 5-year-old grey gelding owned by BJ Stokes and Mike Austin.

37-year-old Stokes has been riding since he was a young boy, starting out in 4-H and riding clubs. It wouldn't be long before the adrenaline and fast pace of barrel racing caught the young boys eye and his curiosity got the best of him. Although he has been running barrels for several years now, Stokes only got involved on the futurity side of things three years ago.

"My very first futurity was this same exact futurity, three years ago, and I ended up winning the 2D average on a horse named Five Bar Kate. It is pretty neat to come back two years later and win the 1D futurity average on another horse of ours," explained Stokes. Stokes claimed the steel colored coming 3-year-old off the race-track at Los Alamitos, and explained that he claimed the young gelding for two reasons: to run in the cutter and chariot races and to eventually become a barrel horse.

"He ended up winning the AQHA High Point 3-year-old gelding for the cutter and chariot races and after that we turned our focus to the barrel pen. Since day 1, he has been a natural on the barrels." In round 1 of the UBRA Futurity, Stokes and "Lucky" stopped the clock with the fastest time of the futurity with a 16.543. Not only did they win the first round of the futurity but they also placed 8th in the open.

"I got him out about 40 minutes before the we ran and made sure that he was responding like he should. I felt very confident that day on him," Stokes said. "Before going down the alley for our run, I reminded myself to breath and pick out my mark in the dirt past the barrel and drive him all the way to it. He is very ratey so I have had to learn how to drive him every step of the way."

On Sunday, Stokes and "Lucky" had another respectable run, turning in a 16.629 which placed them 3rd in the 2nd Round of the futurity.

"I did the same thing I did on Saturday, I didn't want to change anything and I wanted to stick to the same routine. Lucky was a little hotter on Sunday which made me a little nervous but I reminded myself to send him to his mark and let him do his job. He actually felt more fluid in his turns on Sunday and I knew it was going to be a good run when we got past all of our barrels."

With a total time of 33.172 on two runs, Stokes found himself in the winner's circle accepting his first ever 1D Futurity Average Championship.

"It is such an honor to have won this futurity. I am on the UBRA board and have been for 4 years and love this group of people and the events that we put on. I hung all the banners, did time-onlies, worked the entrance gate in-between my runs and did whatever else I could help to make sure the event went smoothly. I didn't go into this futurity expecting to win it, I was just hoping that I could do my part riding this talented gelding."

Stokes was quick to credit Terry Molloy and Annie and Mike Rose for their support and guidance.

"Those three people really gave me the confidence to be the best that I could be, and to trust in myself and my horse. I am very thankful for their support and constant guidance and expertise."

## IT PAYS TO OWN A BBI HORSE, HURRY UP AND JOIN US!

ADVERTISING HAS ALREADY STARTED FOR 2017. Don't be left out. The earlier you nominate, the more exposure your stallion receives prior to the 2017 breeding season with regional and national advertising.

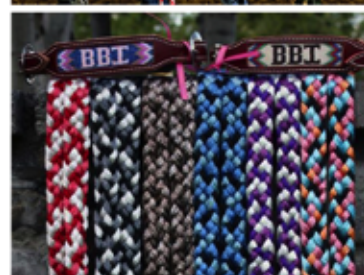

BBI was formed for stallion owners as an incentive program to breed barrel horses and sell barrel prospects. Now barrel racers are looking specifically for BBI horses.

BBI is set apart from other barrel breeders' programs as we promote an Open Barrel race as well as Futurity & Derby events. Horses 4-7 years old by nominated stallions (or sire if of age) are eligible to run in BBI sidepots. Pictured are some of our 2016 BBI winners: Just Look Quix (JD Look) with Emily and Adi Keefer ("Q" won all 3 BBI futurity events), TS Mrsunpeppy Dash (PC Mr Sun Peppy) and Monica Gruel (Barrel of Gold Derby champs), Margaret Jones (Midnight Corona), Monica Gruel, Emily Keefer and Shelley Murphy (As Good As Nick Gets). 2016 handcrafted awards from JoBeth Hutchison, Gale Beebe and Sammy Jo Hall.

# Headin' For Home

by Sherry Morrison  
Triple M (Mike Morrison Ministries)

There is no doubt about it. Sometimes I don't want to do what God tells me to. But I have found over the years, that if I will, things go well with me.

About 20 years ago, right in the middle of producing the Fizz Bomb Classic Barrel Futurity, God spoke to me regarding a contestant. Now, this woman had been coming to the futurity from day one. And she had done really, really well. However. She and I really didn't like each other. And every year it seemed, we had to have some kind of confrontation. It was really getting old. I'm sure she felt the same way. I was sorta new at this 'obeying God' thing and honestly I just wanted to push her down and pull her hair! But I started praying about it and He told me to compliment her. Are...you...SERIOUS?

So, on Saturday that year during open arena time, wouldn't you know it, she and I were in the arena together. God kept nudging me to go say something nice. I COULDN'T THINK OF ONE NICE THING TO SAY! But I decided I'd just do what He said. I had

about 30 seconds to think of something. As I got close to her and she saw me, I could see her tense up and frown. I rode up beside her and said (this came straight from God and it was the truth), "so and so" (can't tell you her name), I know that you and I have never seen eye to eye on anything, but I just want to tell you that I think you are one of the finest horsewomen I have ever seen."

I never had another confrontation with her for the last years I produced the Fizz Bomb.
