Ganter and Blazin Baby J Heat Up

by Hope Sickler

Jackie Ganter may quite easily have the nicest line up of barrel horses in the country and is also one of the nicest girls you will ever meet. This past weekend at the BBR World Finals held in Oklahoma City, Oklahoma, Ganter and her gelding Blazin Baby J blazed through the elite competition and captured the title of the 1D Champion Barrel Racer.

Ganter, a junior in high school and Texas Native, purchased the big brown gelding from Callie Rios, who soon became one of Ganter's closest friends. Blazin Baby J is a 5 year old son of Dash Ta Fame, and out of Medley A Blazin, by Chicks A Blazin. Rios trained the gelding and it didn't take long for Ganter and her mother to set their sights on the beautiful gelding.

"We bought him and then let Callie finish up his futurity year last year because I was so busy with school. As of lately I have been running him more and more and absolutely love everything about him," Ganter explained.

In the first two rounds of the BBR World Finals, Ganter explained that Baby J didn't quite fire like she thought he could. "I didn't know if it was me or him just being lazy but his first two runs were a little slow for him. When it came down to the finals, I qualified on a few horses of mine, and Baby J and Cartels Fame were running back to back, so Callie helped me warm everything up for the short round."

Rios told Ganter that before she entered the alley to make her final run on Baby J, she needed to wake him up and get him fired up for his run.

"She told me that I needed to send him to the first barrel. I typically just let him cruise to the first barrel because he is so dang fast but Callie assured me that sending him from the alley would fire him up and hopefully get the run laid down that we needed," Ganter said.

When Ganter and Baby J walked down the alley, she knew she had to make a business decision and let the gelding run like the wind. She smooched to him to alert him that she was ready to go and he still wasn't catching the gears that she knew she needed, so she gave him a couple kicks and the gelding took off to the first barrel faster than Ganter had ever gone.

"He ran to that first barrel faster than I had ever gone and once I got to the barrel and sat down, he buried up and turned it. He even stepped by it a bit but he was going so fast that he snapped back and came back so hard and started hauling to the second barrel. He smoked his second barrel and all I could think about as we were running to the third barrel was to make it decent and we should be fast."

Baby J ended up bowing off the third barrel a tad and Ganter knew she was going to be fast but wasn't sure on just how fast she was.

"When we crossed the timer, I looked at Callie and she was jumping up and down and screaming! Callie is about the quietest person on this planet, so when I saw her doing that I knew we were smoking fast. We were a 15.192. I jumped off Baby J and jumped right back onto Cartel because I was next up on him. I didn't even really have time to experience the adrenaline rush because I needed to get prepared to run Cartel."

Cartel and Ganter had a smooth run going until they barely caught the third barrel.

"I overran the first a little so I knew that I had to make up time and you can't really ride Cartel like that. It was a little difficult to come back on another horse right after I had made that run on Baby J. He just had such an outstanding run," commented Ganter. Ganter could hardly stand the wait of horses left to go but she went out to watch her good friend Karsyn Daniels who was in the second to last drag.

"It was very nerve wracking to watch the rest of the horses go because every single one of them made beautiful runs and I thought for

sure that I was going to get bumped every time they turned the third barrel and headed home. The last five that went made one great run after another and when the last girl ran, Kristen Daniels, Karsyn's mom, looked at me because we both thought that I had got bumped but when they announced the time, we both start bawling. I had won!"

Ganter explained that that win on Baby J was very special to her and he deserved that win. He won a lot for previous owner Callie and now he is proving that he can win with Ganter.

"He is just an awesome, awesome horse. We absolutely love him." Ganter walked away with a certificate for a custom made Martin Crown C saddle, a gorgeous belt buckle and a giant check, literally, of \$11,099.

In addition, Ganter would also like to thank her sponsors for their continued support: Dufur Quarter Horses, RES Sports Boots, 5 Star Equine Products, Double J Saddlery, Key City Vet Clinic, Back On Track, K9s4cops, High Pro Feed and Equidite.

I am currently hauling futurity colts, derby horses, and competing in rodeos every weekend. Oxy Fluidity has become an essential part of my feeding program. I give 20 cc every week and 10 cc before I run on all my horses. It is very nice not to have to worry about your horses getting sore from injections because Oxy Fluidity is an oral paste. It is fast acting and provides so much relief for my horses when I know they are a little sore after a weekend of competing. I have seen such great results with this product I even take it myself!

Beam & Rips Famous Fame Conquer BBR Slot Race

by Hope Sickler

Some horses are born to run barrels and they are born to win. And then some trainers are born to train and ride those winners. The case goes for veteran barrel horse trainer Janna Beam and her latest winning mount Rips Famous Fame, a 4 year old sorrel gelding by JB Proud N Famous, and out of Rips Rocket Queen, by Rips Sport Model, owned by James David and Renee Cain from Dry Creek, Louisiana.

Rips Famous Fame and Beam lit up the competition last Saturday during the Slot Race at the BBR World Finals in Oklahoma City. They ran away with the win with a time of 15.449, good enough for a check for \$24,000, a custom Martin Crown C saddle, a beautiful belt buckle and many other prizes.

“Our run was good and it was really fast. He runs so hard and turns so hard. We turned the first barrel so hard that my spur ended up getting caught under my back cinch as we were coming off of it and all I could think about as we were crossing the pen, getting closer to the second barrel was I better stay in the middle of him,” explained Beam.

“He is very sensitive and wherever I go, he goes, so I knew that I needed to stay in the middle and just ride him through it.”

After they smoked the second barrel, Beam continued to tell herself to stay in the middle of the saddle since she was still caught up in her back cinch. They got a little tight going into the third barrel but got around it and were finally in the home stretch.

“I don’t really remember having a whole lot of time to think about anything else besides just ride him and stay in the middle. As soon as my spur got hung up, I thought man don’t screw this up now because I knew he was going to make a heck of a run.”

Fortunately, the caught spur didn’t alter Beam’s riding and they raced to the finish line where their time was the time to beat. After the additional horses were ran in the slot race, Beam found out that

“I was very pleased with him. I picked him up last November and made a couple runs on him. He won the one jackpot and then placed high in the 1D at the other. At that moment, his owners and I knew that he was special so they decided to send us to Arizona for the January futurities. He placed in one of the slot races out there and also did well in the futurities.”

BBR Futurity Slot Race From Page 23

After Arizona, Beam and Rips Famous Fame went back to Texas and ran at Kinder, Diamonds and Dirt and a couple other futurities.

"He has done well at all the futurities that I have taken him too and he has pulled a check everywhere we have taken him. Winning OKC was very special to me because it was the first race that he has won. We were so delighted," Beam said.

Beam will be taking the sorrel gelding to Fort Smith the end of May and is hoping to make the trek up north to some of the northern futurities later this summer and fall.

"We are hoping to get up north to those futurities and of course he will be going back to OKC in December. For the remainder of the year he will only be going to futurities and jackpots. We will not take him to rodeos until his futurity year is over and he is fully ready for that."

Beam also commented that she is very thankful to the owners of Rips Famous Fame and without owners like them, she wouldn't be able to ride such talented horses.

Lutjen & J-Lo Keep Chalking Up the Wins

by Hope Sickler

Arizona native and one of the futurity world's rising stars, Kelsey Lutjen, is no stranger to the winners circle this year. She is making her name known in the futurity world and she is doing it on a beautiful palomino mare KN Fabs Gift Of Fame aka J-Lo.

This past weekend in Oklahoma City, Oklahoma, Lutjen and J-Lo drove away with the 2014 Better Barrel Races Futurity Championship, a championship worth \$6,911, a custom made Martin Saddle, a beautiful belt buckle and many more prizes.

Lutjen and J-Lo's final time of 15.285 ended up winning the championship round in the futurity and the coveted title of BBR Futurity Champion. But it all started in the first round of the futurity, where Lutjen and J-Lo ran a time of 15.635, good enough for 10th in the round and a spot in the championship round on Sunday.

"For my first run, I just wanted to go out there and make a solid and consistent run like she usually does. She did just that and we ended up right where I wanted to be for that first round and it was a good confidence builder for us. I had never been to the BBR Finals before so it was all new to me," explained Lutjen.

KN Fabs Gift Of Fame, 'J-Lo', is a 5 year old daughter of Frenchmans Fabulous, and out of Mistys Dash Of Fame, by Dash Ta Fame. J-Lo is a full sister to another futurity star, KN Fabs Mist Of Fame, ridden by Jolene Montgomery and owned by Robin Weaver. Kelsey Lutjen, Kenny Nichols and Dale Barron are partnered on J-Lo and Lutjen explains how she ended up acquiring the beautiful mare.

"Kenny originally wanted to keep J-Lo for a rope horse but eventually called me and told me she should be running barrels. It wasn't too long after that when I got her and started working her on the barrel pattern. She was so dang easy to start but she was a different style horse than I was used to at the time, so I had to adjust my style

to be able to ride her. She has more of a stiffer style and I was used to more of a bendier style. She is a super easy mare to get along with and haul. She is the perfect horse!"

The short round of the futurity was fast approaching and Lutjen knew exactly what she needed to do.

"Our first run was good but I knew that we could be faster in the short round. I got her a little more jazzed up before we went in

and she worked like a dream. When I found out I had won it, I was speechless," Lutjen said.

Lutjen and J-Lo's time of 15.285 edged out the competition and earned them first place in the championship round. After the awards and all the photos, Lutjen and J-Lo made the 16.5 hour trek back to Arizona where she will continue to train and ride barrel horses while rodeoing on the side this summer.

"I plan on going to some futurities this summer and fall on J-Lo and I also plan on running her at a couple of Fourth of July rodeos. I have another Frenchmans Fabulous that I pro rodeo on but with all the runs of the Fourth, I will need to give him a break and figured I would run J-Lo at some of the rodeos with good ground. I am definitely going to be smart about where I run her at but I think she will make a great rodeo horse. I am very excited about her and honored that I get to ride such a talented mare."

Lutjen would also like to thank her sponsors for their continued support: Usher Brand, RES Sports Boots, Flair Nasal Strips, Silver Lining Herbs and Formula 1.

BBR World Finals Futurity Consolation Round

Leslie Willis from Chester, South Carolina was the 2014 Futurity Consolation Round winner aboard her 4 year old gelding Gimme Damoney. Their times of 15.577 in the first round and 15.480 in the final round was good enough for first place and a check for \$3,091.

Taylor & Flos Heiress Claim 100th Annual Clovis Rodeo

By Tanya Randall

Multiple Wrangler National Finals Rodeo qualifier Fallon Taylor and her 2013 Horse-of-the-Year Flos Heiress ("BabyFlo") splashed their way victory at the 100th Annual Clovis Rodeo, held April 25-27 in California. The duo collected \$5,484.15 of the \$31,570 total purse of which \$15,000 was generously added.

"Clovis really made it special for us," said Taylor, who hails from Ponder, Texas. "That was the first time for me and BabyFlo to win a two run and short go average. We've been trying for more consistency since the Finals. We've been practicing really hard and it's been paying off all year long—our new kind of plan and running style. It was so cool."

The Clovis Rodeo was limited to just 70 entries with all making their first run in slack on Friday morning. The top 24 from the first round advanced to the two performances of 12, while the remaining contestants made their second runs immediately following their first run. The top 12 in the average on two runs advanced to a short go on Sunday.

"It was wild," Taylor said of the conditions. "We ran one run in the rain and one run in the mud, and then the next run was in muddy, dry, combo that was kind of slick. It was a true test of our little horse for sure."

After finishing eighth in the first go with a 16.31 to Liz Combs and Bogies Lil Skeeter's victorious 16.13, Taylor almost turned out of the second round.

"Friday night, it came a flood," she related. "Those girls ran in pouring down rain and there was water standing. The next morning they brought a helicopter in (to hover over the arena to help dry it like they did in Red Bluff a few years back) for three and half hours to try and get some of the water out for my perf. Then they went in and ripped it and when they did, it just kept bringing all the water to the top. They thought it would go away and all it did was make trenches to hold the water. It was interesting to say the least, but they did all that they could do."

Taylor, who is sponsored by Jaco Brands Tack, Professional's Choice, Ranch Dressn Apparel, Tech Mix supplements, Equi-Bodyflo, Razer horseshoes and Team Hesston, discovered her mare is "a heck of a mudder."

"I really got dressed for my second run planning on turning out and going on to Springville. I was 12th out. I kept looking at my husband and saying 'Do you think I can (16).8? If you don't think I can run an .8 than I'm not going to run. If it's not going to be fastest enough to make it back then I'm not going to waste a run on her.' We thought we were just playing dress up and then I thought I'd better go on and make that run so I'd better go warm up or something!"

With BabyFlo being a lefty, Taylor lucked out and got to get her run tapped off right with a good first barrel in the soggy arena.

"Everyone else's first barrel was in water," she explained. "It

was a good day to be a lefty. I don't think it was an advantage or disadvantage either way, but at least I got to turn one barrel before I hit deep mud. Nobody was having trouble in the second round; it wasn't dangerous or anything. I was just worried about it being heavy and it wasn't."

They split third with 2013 Clovis Rodeo Champions Sheena Robbins and Bar D Mr Dual Olena with a 16.45. Florida's Kelley Carrington-French and Jacobs Hi proved they were no strangers to deep, wet sand, winning the round with a 16.31. Going into the short go, Carrington-French had a 1/100th of second lead over Taylor on two runs.

In the short go, Taylor and BabyFlo posted the fastest time of the rodeo, a 16.11, to claim the championship.

Taylor said that all her hard work to get BabyFlo more consistent is paying off handsomely this season.

"I did start running her in a tiedown and a bit," she explained. "I used to run her in a hackamore. I did that to maintain a little more control. I went from just a hackamore to a German martingale until I got the collection that I needed going into my barrels where I really needed to maintain control, and then I changed to tiedown just to be a little bit safer than running with all the stuff hanging down. Our tuning routine has changed as well."

The change has been so dramatic that several people have thought Taylor was riding a different horse.

"After Fort Worth, the photographer said 'Oh, you got a new

horse,” she laughed. “I said, ‘No, I’ve just got this one a little more backed off. She’s so darn fast.’ It’s pretty cool for people to see her run now because it looks like a completely different animal. It’s really, really exciting.”

Taylor currently sits third in the WPRA World Standings with nearly \$46,000. She said the position is a testament “to a lot of hard work and getting more consistent.”

“We’re going to keep doing what we’re doing,” she said. “I don’t ever look at the standings. We’ve just been trying to stay consistent everywhere we go and its kept us at the top. We’re going to keep banking on that and chip away at it.”

Taylor is currently headed back to Texas to begin pulling embryos out of BabyFlo. The royally-bred 8-year-old daughter of WPRA World Champion Sire Dr Nick Bar is out of Taylor’s multiple NFR qualifier Flowers And Money, by On The Money Red.

breeder is the lucky winner,” she laughed. “Right now, we’re hoping for multiple embryos. We’re hoping her first one is by Blazin Jetolena and her second one will be by Slick By Design. I want them so bad we’re driving like crazy to get there!”

In the meanwhile, Taylor will hit some of the Texas rodeos to get her rodeo count in for the circuit and will make one foray back West for the Champions Challenges in Redding and Spanish Fork, Utah, and few rodeos in between. Then it will be home to rest up for the big summer run.

“We’ve been able to keep her in a lot better shape this year and if we can give her time off, we’re going to take it,” she said. “If BabyFlo needs a rest, we’re just not going to run.”

Headin' For Home

by Mike Morrison
Triple M (Mike Morrison Ministries)

Just like our fingerprints are unique and all different, we all are born with different God given talents and gifts.

Some are artists, singers, inventors, horse whisperers, cooks, teachers and preachers. Happy are those people who learn early in life what they like and what they are adapt at and what God's purpose is for them in this life.

To be truly happy and content you must follow God's will and the plan He has for you. God has given mankind a free will so we must listen closely for His direction so we don't go off following the world and our own selfish desires.

One old catechism says God made us to "know, love and serve Him." You might ask how you can serve Him but everyone can serve Him in some way. It might not seem glamorous or exciting to be a prayer warrior or spend your spare time and sleepless nights interceding for lost souls, nations, abused little children and those ensnared by the devil but it is a necessary and useful ministry.

There are lots of places where you can volunteer and do good works. You don't have to go to a foreign country. Get out your checkbook. There are lots of good ministries and worthy causes

that appreciate the smallest contribution.

I know of a woman who had what she called a "card ministry." Her kids were raised and living far away. Her health kept her pretty much housebound. She armed herself with several boxes of all occasion cards, some stamps and she spent hours each day writing messages of God's love, hope and inspiration to people, many of whom she'd never met. She sifted through the newspapers and watched the news for people she could congratulate or send a word of sympathy and say she was praying for them.

God said in Jeremiah 29:11, "For I know the thoughts I think toward you...thoughts of peace and not of evil, to give you a future and a hope."

So everyday ask God to show you His will for you and help you do it!

Mike Morrison and his wife Sherry are ordained ministers in their own nondenominational church in Gillette, WY. They also travel widely as circuit riders ministering over a large area of the western states.
