Mowry & Epic Leader Reign Supreme

BBR World Finals Slot, Futurity & Derby
April 26-28, 2012, Oklahoma City, OK

The futurity year is still fairly young, but Epic Leader is earning his way into an elite group of futurity standouts. His earnings are closing in on \$110k and it is only May 1st!

Epic Leader was born to be a star. His dam is the infamous NFR barrel horse Firewater Fiesta and his sire is Confederate Leader, a former BFA Champion.

Even with his proven bloodlines his consistent winning is even surprising to veteran futurity rider Kassie Mowry.

"It so surprising every time he wins, we (Mowry and co-owner Karma Loftin) just never expected this consistent level of success with him," said Mowry.

Epic Leader showed consistency by winning the BBR Sport Chasis Futurity Slot Race and that run put him on top as the fastest qualifier to the BBR Formula 707 Futurity Championship Round.

The Slot Race was included in the the first round of the futurity, the first 20 horses to run were the slot horses and then the round continued.

The top 30 from round 1 qualified for the Futurity Championship Round and the remainder qualified the BBR Formula 707 Futurity Consolation Round.

The Futurity Finals included many of the year's top horses but none could match Epic Leader and Mowry as they scorched a 15.425 and added \$7,665 to the \$20,000 they won in the slot race.

Mowry will continue to campaign him through his futurity year and then Epic Leader will stand to the public for breeding in 2013. The next major stop for the futurity world is Old Fort Days Futurity in Ft. Smith, Arkansa, May 19-26.

THE RUNDOWN: KASSIE MOWRY

HORSE: Epic Leader

Gray Stallion, 4 Years Old, 15.1 hands, 1200-1250 lbs.

OWNER: Karma Loftin & Kassie Mowry

HORSE HISTORY: Karma Loftin and I bought the embryo and decided to breed Fiesta (Firewater Fiesta) to Confederate Leader, so we raised him. Joe Butterfield broke him and put about 3 months on him here at the house, so Epic Leader never left the house. We bred him that year as a 2 year old so now we have 8 short yearlings out of him, and this year we have 2 babies on the way. With his training and everything we haven't really bred him last year and this year so we can focus on his training, since he only gets one futurity year. We just want to see what we can accomplish with him this year. As we haul him throughout the year people can see his style and see how quiet and friendly he is. So far he has won the 4 Year

He has won money at every event he has been too. We pick and choose where we go with him and keep him fresh and happy and so far that is working. His lifetime earnings at this point are now right under \$110k.

AHC Issues Forum to Focus on Reinigorating the Horse Industry

The American Horse Council has announced that the theme for this year's National Issues Forum is "Reinigorating the Horse Industry."

This year's National Issues Forum will be held on Tuesday, June 26, in Washington, DC during the AHC's annual meeting. The annual meeting will run from June 24 to 27 at the Washington Court Hotel and will include the AHC's Congressional Reception, the annual Congressional Ride-In, and sessions on federal advocacy. This year's meeting will also include the AHC's Breed Roundtable, a popular event that brings together leaders of horse associations to discuss common issues of importance to the industry.

The AHC's various committees and the Unwanted Horse Coalition will also meet to discuss issues affecting the equine community.

Over the last few years the number of horses bred and overall participation in equine activities has declined. Clearly, a major factor is the downturn in the economy; but there is a growing concern in the industry that the long-standing connection between horses and people is at risk for additional reasons. Many organizations are looking at how they can get more people active with horses, attract more participants and spectators to their events, and restore the demand for horse ownership by growing the horse community.

"Several national organizations have undertaken marketing initiatives to reinvigorate the industry. They are addressing what can be done to bring back those who may have left and attract new people. The Forum is an opportunity to hear from those organizations attacking this problem and to hear what they are doing," said AHC president Jay Hickey.

The Forum will also include presentations on the evolving changes in federal advocacy. "Advances in technology and social media and how constituents can contact their federal officials have affected grassroots activities. What other groups are doing and what kind of success they have had in mobilizing their members with new technologies will be addressed," said AHC Director of Legislation Ben Pendergrass. Regardless of the method, grassroots activities are important to success in Washington and at the state and local level. Speakers will address these advocacy issues at the Forum.

The AHC will be hosting its Breed Roundtable. This event was brought back last year and proved so popular that it will be done again. It allows leaders of horse organizations involved in various disciplines to visit with each other and discuss issues of common concern.

The annual Congressional Ride-In will take place on Wednesday, June 27. The Ride-In allows members of the horse community to meet with their elected representatives and their federal officials to discuss important issues affecting them. All members of the horse

community are encouraged to participate, even if you don't attend the AHC convention. Congress deals with many issues that impact the horse industry, including taxes, gaming, immigration, access to trails and public lands, diseases, and interstate and international movement of horses. This is an opportunity for the horse community to come to Washington in force and meet with their Senators, Representatives, and staffs.

"The Ride-In puts an individual face on the \$102 billion horse industry and the millions of Americans who are part of it," said Hickey. "The most effective way to affect Congress is through voters, the horse people from back home who can tell Congress first-hand about the horse industry in their states and districts and the issues that impact them."

The AHC will conduct a free briefing for Ride-In participants. Anyone wishing to participate in the Ride-In should contact AHC Legislative Director Ben Pendergrass at bpendergrass@horsecouncil.org or 202-296-4031.

More information can be found at <http://horsecouncil.org/events.php> or by contacting the AHC.

HORSE: Docs Streakin Oak "Doc"

Sorrel Gelding, 6 Years Old, big enough

HORSE HISTORY: His selling point to me was that he was by Miss Geminy Oak, who I trained. She was probably my first big star. She had LTE of over 35K with me. I think I had already rode a couple of her colts when I bought him, so I knew she was a producer. ASOF was not proven at that time, but I'd have to say now that I know...this was a dynamite cross!!! We've had Doc since he was a long yearling, he hurt himself his 2-yr old year and had to have a surgery and we actually put it on hold for several months deciding if it was worth putting the \$\$ into a unproven gelding. Glad we did!!! We've used Doc alot on the ranch, my oldest son, Jacob, and him are a matched pair. Last year we had a very successful year. He won rodeos, slot races, pole bendings and placed at most of the futurities entered. But he never got the big lime light, all the futuri-

ties were TOUGH!!! He ran with them, but never edged ahead. This win was huge to me. What a field of horses, the horses and riders I read about and only a few of them that I ever run across. I knew going into it that he could do it but I'd have to say that I was blown away that he did. I'm very proud of my pony!! To date his LTE are around 30K.

WHAT IS THE KEY TO TRAINING YOUNG HORSES FOR A WIDE VARIETY OF RIDERS? I wish I had that figured out. We do a lot on our horses, besides barrel racing most are on poles, roped on, kids step off for goats and LOTS of ranch use. They are broke and pretty relaxed. I feel that when they are ready to sell any walk of life could use them... pro, amatuer, youth or all-around. I actually get a little sad that when they sell, that people don't do more events on them. The key to getting along with them is patience, I have my horses very intuned to ME. All the changes that go on with a sale, really do a number on a horse. If given time and LOTS of questions, they do come around, but getting through the adjustment phase can be hard.

2012 Better Barrel Races World Finals

The invention of the "D" system in barrel racing was designed to allow every walk of life to go to a barrel race and have their best chance at winning cash & prizes, the 2012 BBR World Finals showed just how successful the D system has been. The winners this year vary from a stay at home Mom & Grandma, to a nurse, to a student to an accountant, to a professional barrel trainer. All walks of life are represented throughout the barrel racing world as they came together for the biggest divisional race in the US and one of the biggest barrel racing reunions in the world. By the way, the nurse was the 1D Champion!

1D Champion - Deb Cooper & Rapid Firing Pass

Have you ever had one of those weeks where everything just fell into place? Well Debra Cooper had one of those weeks at just the right time. At the BBR Awards Wednesday night before the race, Cooper caught a t shirt that was dropped out of the ceiling and it just happened to have a \$100 bill in it! Then Thursday, Rapid Firing Pass (or Jeffrey) had a good run in Barn 6 (ended up 13th in Race 2). Then, he came back on Friday and had an even better run in the Coliseum. After a day of rest on Saturday, the 53 year old registered nurse and Jeffrey were calm and ready for the Finals.

"With Jeffrey, the quieter he is, the better he runs," said Cooper.

He was out back licking his lips and yawning which let Cooper know he was ready to work.

"I knew he was going to work good but I didn't know he was going to work that good," added Cooper.

In a field that included NFR horses and the top divisional horses in the country, Jeffrey saved his energy for a blistering 15.163 run in the Coliseum to distance the Finals field by close to 3 tenths.

In addition to this, the pair won both rounds of the senior incentive. Her weekend haul was \$5,536. Cooper and Jeffrey are going to stick to their plans and keep going to the closer pro rodeos

HORSE HISTORY: I bought him as a 4 year old from Lee Ann Guilkey (former NFR barrel racer). He was just riding well at that point. Paul Humphrey had just come back from Italy and he started training him for me. We didn't futurity on him just trained him and started to run him as a 5 in the Open 5Ds but he didn't really start clicking until he was about 7. That's when it really fell into place for him and he has just gotten better ever since. We made the Top 12 at San Angelo, TX this year and won 6th in the second round. We also won the Texas 1D standings for the BBR last year, and were the Reserve 1D this year. We placed at several of the big barrel races at Lone Star Arena, the Elite Barrel Race in Waco and several others.

2D Champion - Michele McLeod & Blue Moon Fling

The BBR Finals could be considered a reunion for barrel racers from across the country, for Michele McLeod it was a reunion with her former futurity star Blue Moon Fling, better known as BB. NFR barrel racer Carlee Pierce now owns Blue Moon Fling and entered her in the BBR Finals but when she wasn't going to make it, she sent Blue Moon Fling back to McLeod to run.

It had been December 2010 since Michele McLeod had swung a leg over BB and she had a week to prepare. McLeod previous experiences with BB were similar. She had already made the best of short notice

with BB, getting her in September of her futurity year and winning over \$20k in about 3 months.

The pair went to a barrel race the weekend before the BBR to get ready and drug over a barrel to win the whole race and almost set an arena record. "I hadn't went that fast to the first barrel in a long time" said McLeod. The 41 year old, McLeod had been home training young colts, although she has only trained professionally for 6 years, she has run barrels for over 20 years. At the BBR Finals BB and McLeod clicked once again qualified back to the Finals in the 1D.

3D Champion - Donna Hodges & Gray Girl

During the week, the 50 year old Donna Hodges plays "Nonna" to 8 grandkids, takes care of kids, horses and has put on the Northeast Texas Foundation Breeders Sale for the last 10 years. But, on the weekends, she has become hooked on hitting the bar-

rel races.

In 2001, she and her husband began raising horses and bought a Sun Frost stud, PC Cline Frost and while Deb Mohon was riding and competing on him Hodges got interesting in competing herself about 8 years ago.

"I went to my first barrel race and won money in the the 4D! After that I was hooked! I've always been competitive and speed is a rush!" said Hodges.

After Hodges ran, she thought she heard a time of 16.14, she watched run after run hoping that someone would run fast enough to put her in the 3D, after the last run she was pretty disappointed thinking she was just out of it. Then the announcer started calling out the winners of the Ds, they called Donna Hodges, Gray Girl, 16.164.

"I screamed out, "I won!" I was so surprised because I had not heard my time correctly. It was great!" said Hodges.

This was a little over a month ago. Jane had purchased the mare from Randy Steinke of South Dakota several years ago. The Steinke's daughter high school and college rodeoed on her. After Jane bought her, she competed in Open rodeos and her daughter Cayla has also competed and won several events with her. Jane has also loaned her out over the years

4D Champion - Kenlee Anderson

There is just something about an old reliable. When 14 year old, Kenlee Anderson entered the BBR Finals, she planned on taking another horse but as it got closer she kept leaning towards her old reliable Cojack or "Trusty Rusty" as her and her father, Kendal, jokingly refer to him as.

"I was supposed to run a different horse but decided to run Trusty Rusty (Cojack) because he is my baby." said Anderson.

This 8th grader plans on keeping in the horse business for the long haul as she would like to become a veterinarian and a professional barrel racer. Both Kenlee and Cojack were nervous before their Finals run, but that anxiousness drove them to their biggest win of their career. Keep your eyes open in the future for Kenlee Anderson and old "Trusy Rusty."

5D Champion - Stacey Murphy

Anyone who has been around rodeo or barrel racing much knows it takes a village to get you down the road, well no one is more aware of this than 5D champion Stacey Murphy, who has been running barrels since age 8.

Murphy sold one of the horses she was supposed to ride at the BBR Finals and the other horse was sick so she need some mounts. She ended up borrowing 2 horses but it was Dualin Gin Peppy owned by Tonja Branson who carried her to her 5D Championship.

Dualin Gin Peppy was Tonja's late husband's, Chris, main horse for heading, heeling, and Ranch Versatility contests and Tyson (as he is most commonly called) has won 4 Championships in the Foundation Quarter Horse Registry and a Reserve Championship as well. Tyson hasn't run barrels a lot but had lots of arena experience. Murphy hadn't run Tyson ever until Friday but it was a good match from the start and he led her to over \$1500 of earnings and a 5D Championship.

The other borrowed horse, Gracie owned by Sandy Weathers, also got her a check in the 2D. All totaled she walked away with a weekend total of over \$2200. The say what goes around comes around and for Murphy that is quite true; 2 years ago she broke her ankle and a friend ran her horse at the BBR Finals and won \$3500! This year it was the 47 year old accountant's turn to cash in!

Richman and Stitch Hot in Clovis

THE RUNDOWN: CHRISTINA RICHMAN

HORSE: Xtrared "Stitch"

Chestnut Mare, 12 Years Old, 14.3 hands, 1050 lbs.

OWNER: Karma Loftin & Kassie Mowry

HORSE HISTORY: Xtrared I bought her at Blane's dispersal sale as a 2 year old. I did all the training as far as barrels goes, she was kind of broke when I got her. I lightly futuriated her as a 4 year old and I lightly rodeoed on her at the California Circuit rodeos when she was 5. When she was 6 I finished 16th in the world and when she was 7 I ended up 19th and then the last two years we have made the NFR. Her lifetime earnings are somewhere over \$300,000.

BIT: Little S Hackamore

HEADGEAR: None

SADDLE: Frontier Barrel Saddle

PAD: Won Pad

LEG GEAR: Polo Wraps

GRAIN: Purina Ultium

SUPPLEMENTS: Neprofin (enzyme), Electolytes, Baking Soda, Omni-Cetyl HA, Seabuck, Silver Lining Herbs Kidney supplement

HAY: Grass Hay, and try to find Alfalfa mix when I can.

ADDITIONAL HORSE CARE: Her shoes have Rim shoe with a pad that is only on the shoe. Back On Track blanket that I use on her quite a bit. I also use Photonic Health that I use on her. I also have Chi machine that I use on her.

WITH A HORSE YOU ARE SO FAMILIAR WITH, TAKE US THROUGH YOUR WARM-UP ROUTINE? I don't really warm her up that much, if it is

warmer I will do less. I stretch her a lot before I run. The different chiropractors I have worked with have shown me about 3 or 4 stretches for her front end and 3 or 4 stretches for her back end and some neck stretches. Mostly, it is the most common stretches. After stretching her, I then saddle her and walk her around for about 5 minutes and then trot her for about 3-4 minutes. If it is colder I will walk her for a longer period of time. Then I try to get off of her and loosen her cinch during the event before the barrel racing. I usually like to give her at least 5 minutes to relax. With the rodeos it is hard to have the perfect timing each time.

THIS IS YOUR SIXTH YEAR RODEOING ON XTRARED, HOW ARE YOU APPROACHING THIS YEAR DIFFERENTLY? The only thing I am thinking of doing differently is going to some Canadian rodeos over the summer. That is the

MAJOR LEAGUE PROTECTION

POWERED BY ZOOMBANG TECHNOLOGY

Introducing the Zone™ Series Pad

Made Exclusively by Classic Equine®

ZONE
SERIES

NOW THE TECHNOLOGY DEVELOPED TO PROTECT PRO ATHLETES IS AVAILABLE TO PROTECT YOUR HORSE

Zoombang is scientifically tested and proven to protect against impact injury. Zoombang is a patented polymer material that provides truly intelligent protection. At rest, Zoombang acts as a liquid to assure perfect fit and malleability. But on impact, it immediately transforms to a solid state, reacting proportionally to the energy applied. As a result, Zoombang only becomes as rigid as necessary to absorb and dissipate incoming shock.

Zoombang is widely used for its protection against injury in contact sports, law enforcement, and military applications. The NFL, NHL, MLB and NASCAR rely on Zoombang to protect elite athletes. Now equine athletes can benefit from the same protection. After all, they deserve it.

HOW ZOOMBANG™ WORKS

SOFT AT REST
ZOOMBANG is soft and fluid-like to the touch

REACTS TO IMPACT
Upon impact ZOOMBANG molecules stiffen and lock to a solid-like state providing maximum protection

SOFT AT REST
After impact, ZOOMBANG returns to its fluid-like state

plan so far. I try to keep her out of the buildings because they don't fit her quite as well and she is just not as consistent there. I just try to take her to the rodeos that I know she likes.

Headin' For Home

'Classic' by Mike Morrison
Triple M (Mike Morrison Ministries)

Are you tired, discouraged and depressed? All across America, many feel that way and fortunes are spent each year on visits to doctors, drugs, alcohol, vacations and material purchases in an attempt to find happiness. But, pills and booze won't help.

We were put into this world at this time for a purpose. So it's easy to see that we need to go to the one who made us and the world to get the answers. The Bible is the instruction manual that God gave us to help us. Some say the letters in the word, Bible, stand for BASIC INSTRUCTIONS BEFORE LEAVING EARTH. How true that is!

Pray and talk to God, stud His Word, stand on His promises, get some good, Christian friends to spend time with. And, if you help someone else out, it will also raise your own spirits.

John 14:27 says, "I am leaving you with a gift--peace of mind and heart. And the peace I give is a gift the world cannot give. So don't be troubled or afraid." Jesus also tells in Matthew 11:28, "Come to Me, all you who labor and are heavy laden, and I will give

you rest." Turn your life over to Jesus and make Him your Lord and Savior. He can do all things and He gave His life for you to have an abundant life here on earth and a great future in eternity.

God tells us in Jeremiah 29:11 that He has plans for us, plans that are good to give us a future and a hope. So spend time with your Creator. Read His Word and talk to Him like a friend. Find a Bible based church and pray, pray, and pray some more. Spending quiet time with God will give you clarity of thought, wisdom and peace. In no time at all you'll realize that a peace and contentment has entered your heart and you can handle the trials of daily life in today's world because "the joy of the Lord is your strength!"
