## Sister vs. Sister - 2018 NFR On Deck

Wow...wow...wow....what a year 2018 was for the sport of barrel racing! It took a record \$86,947 just to make the NFR...not so long ago if you had won \$55-60k you could pretty much count on an NFR qualification in the barrel racing. This year, we also saw a barrel horse (DM Sissy Hayday) go over the \$1 million dollar earnings mark in just under 2 years of competition. All the extra opportunities in barrel racing have lead to better and better bred horses hitting the rodeo arenas and the competition just continues to get tougher and tougher at the NFR.

The 2018 NFR will feature an interesting mix of young and veteran horses and riders. The young stars of last year's NFR, Dm Sissy Hayday & Hailey Kinsel and Rafter W Minnie Reba & Nellie Miller sit 1-2 in the World going into the NFR while Brittany Pozzi-Tonozzi & Lisa Lockhart come in 3-4 in the World and will most likely ride their veteran 15 year old geldings, Yeah Hes Firen & An Oakie With Cash. Dm Sissy Hayday & Hailey Kinsel hold the arena record of 13.11 (Round 3, 2017) and she was the 2018 Horse of the Year, while Rafter W Minnie Reba & Nellie Miller hold the NFR Average record of 137.32 also set in 2017; interestingly they broke the NFR Average record held by An Oakie With Cash & Lisa Lockhart; and she was the 2017 Horse of the Year. Of course, Yeah Hes Firen & Brittany Pozzi-Tonozzi were world champions in 2009. This sets up as the perfect showdown at the top between the young guns and the veterans. Kinsel has now qualified to the NFR twice, Miller has qualified 3 times meanwhile both Lockhart & Pozzi-Tonozzi 12 times. How cool would it be to see the two young mares both nicknamed "Sister" duke it out for 10 round with the 2 15 yr old geldings that both have over \$1 million of earnings?

Of course the world race isn't going to be that simple as 11 other cowgirls that all have the ability to set an NFR earnings record are all coming into the NFR on top shelf horses, so it's setting up to be a very exciting 10 days in the bright lights of Vegas!

Let's have a little fun and do a little breakdown of each of the girls and horses headed to the NFR!

In the #1 position comes the hottest team in barrel racing over the last couple years. Although they came up short for the world title last year, Dm Sissy Hayday (Sister) and Hailey Kinsel still lit up the Thomas & Mack, setting the arena record of 13.11 and set the NFR earnings record for a barrel racer by earning \$189,385 at the 2017 NFR. 2017 was their first NFR appearance and they won 4 total rounds but 2 hit barrels which kept them from winning the NFR Average by over 2 seconds. Sister is only 7 years old but has handled every setup and rodeo thrown her way over the last 2 years. Kinsel & Sister won Calgary, in fact nearly swept it, and then were able to just cruise into the NFR. Kinsel's official rodeo count was 50 but

she ran Sister at even less rodeos than that and was able to rest her through the late summer and fall. So Sister is rested, relaxed and ready. If you have followed this team closely, you will have noticed Sister gets better and better with more runs in the same place, so the NFR is a great set up for them and they will be hard to bet against.

In the #2 position comes the 2017 World Champion Barrel Racer Nellie Miller and her "Sister" superstar, Rafter W Minnie Reba.

While Kinsel & her Sister received a lot of attention at the top spot in the world, Miller and her Sister quietly won throughout 2018 and were able to go to just 30 rodeos and be #2 in the World. A win at Rodeo Houston early in the year allowed Miller to pick and choose throughout the year and a win in the sleet at Cheyenne allowed them to head home early. So her and her Sister are also well rested and Miller has been able to do just what she wants to getting ready for their 2nd NFR in a row. The "blue" Sister just does her job run after run. She works on big patterns, small patterns, it doesn't matter. She makes it look so easy that when you see the clock it is always surprising. Miller & Sister will push Kinsel & her Sister all the way through the NFR and if they stub a toe; Miller could run to her second world title in a row. There is only \$46k between them so if Miller picks up some good checks the 1st couple rounds it could make for a very interesting week.

As a side note, I wonder how many good mares will be called "Sister" over the next couple years?

Right behind the two young guns come a veteran winner, Brittany Pozzi-Tonozzi in the #3 position. She is a 2 time World Champion and a 12 time NFR Qualifier and also a Slot Race & Futurity winner

### Priority Change for Trevor Brazile in 2019

The most decorated all-around hand in all of rodeo, Trevor Brazile is stepping back from fulltime rodeo in 2019 to focus on his family.

"My priorities have officially changed," said the 42-year-old Decatur, Texas, cowboy. Brazile and his wife Shada have three children, a son, Treston, 11, and daughters, Style and Swayzi, ages 8 and 3. "The way I divide my time has been trending toward where we are today for a while now. Though we rodeoed together as a family, rodeo was taking a lot of my time and attention. Home-schooling our kids is the only thing that made it work as long as it did. Now that they're in public school, the days of being gone on the first day of school, and missing ball games are over. I've always been an all-in kind of guy, and if there's one thing I cannot live with doing halfway, it's being a husband and dad."

Brazile, who has career earnings nearing \$6.5 million, qualified for both the Wrangler National Finals and National Finals Steer Roping in 2018. He will continue to enter the tie-down roping, steer roping and team roping on a limited schedule going forward.

to boot. Pozzi-Tonozzi did not indicate which of her 3 horses she would for sure ride the first run down the alley, but with Yeah Hes Firen (Duke) recently winning an NFR style barrel race, my guess would be Duke. Duke is a 15 yr old former World Champion and it is estimated his earnings are somewhere in the \$1 million area. Pozzi-Tonozzi thought he would be a pasture pet for her at one point but one day after several years he looked sound again and ready to go back to work and here we are! You just can't bet against Duke, his heart fills up that whole 16.2 hand frame. From my math, Duke has earned somewhere in the ball park of \$269k of earnings, won 4 round and placed in 23 rounds at the 4 NFRs he has been to. So we know he likes the NFR has had success there, and he never quits. Pozzi-Tonozzi also has 2 other very talented horses there if she needs them and she knows how to win! With the round and average paying what they do, Pozzi-Tonozzi will be in Kinsel's rearview mirror all 10 rounds!

In #4 comes maybe the most successful team to ever run at the Thomas & Mack, Lisa Lockhart & An Oakie With Cash (Louie). The list of Lockhart & Louie's accomplishments is too long to fit in our whole Barrel Racing Report, but according to my math he is now around \$2.1 million in earnings and is the highest money earning barrel horse of all time. At the NFR alone he and Lockhart have amassed over \$922k in earnings, 12 round wins and placed in 55 rounds over their 8 years running there. Although he is 15, like Duke, he has a heart that fills up his whole chubby (it's just muscle, lol) frame as well! A horse with that much heart and a team with that much history are hard to bet against. Over the last year, Lockhart's other buckskin, Rosas Cantina CC (Rosa), has been utilized more and more to give Louie extra time off to save his runs. During that process, she has become a brilliantly fast performer with consistency, so if Louie isn't placing like Lockhart wants she does have a backup buckskin ready to go. She goes to the left barrel first which can also be an advantage at the NFR. The sentimental part

of me would really like to see Lockhart & Louie go over \$1 million together and win a world title so future generations would know how great of a team this was.

How fun would it be to see 2-15 year old geldings as beloved and known as Duke and Louie pushing the Sisters Act through 10 rounds for the world title?

In #5 coming into her 3rd NFR in a row is Stevi Hillman. Hillman's main horse she qualified to the 2018 NFR on and her main mount over the last few years, Cuatro Fame, is out with an injury for the NFR. However; she found an extremely qualified horse for the 10 rounds, Slick By Design (Slick). Slick is the leading money earning stud in the barrel business with over \$568k of earnings; and at the NFR alone has earned \$185k+, won 3 rounds and placed in 8 rounds in the 2 years he was used there by Michele McLeod. Hillman comes into this year with 2 years of experience from the NFRs in 2016 & 2017 along with a horse that has already shown he loves the setup. Hillman has ridden a number of horses over the past several years very successfully so she will adjust to Slick very quickly. They duo has been running well this fall coming into the NFR and should be set for a big week.

In #6 is Taci Bettis and her brown bomber, Bogie Is A Smash (Smash) back for their 2nd NFR. Smash and Bettis had a very good 2017 NFR, placing in 5 rounds and winning \$65k+ and a saddle slip in the 1st round kept them from winning even more. This horse and rider are a model of consistency, they just pickup checks about wherever they go. They have come up through the ranks together and know each other very well. Bettis and Smash placed and won along so consistently this year they were able to head home from the summer run early and only go to 48 total rodeos this year. Both horse and rider know the setup from their experiences last year; so look for them to be keep placing & winning along in the rounds and be a contender in the average.

In #7 comes Kylie Weast and her amazing sorrel mare, Hell On The Red. With her and her horse the NFR is a family affair! Weast's sister Janae Massey (Ward) won the world title in 2003; and her mother (Renee (Youree) Ward) qualified to the NFR and her grandmother (Florence Youree) helped get barrel racing added to the NFR.

Hell On The Red is sired by JL Dash Ta Heaven who qualified to the NFR and won at the NFR with Benette Little and JL Dash Ta Heaven's dam, Dynas Plain Special was the mare her sister Janae Massey won the world on! The Youree family have influenced and continue to influence the barrel racing industry in a number of ways, so it is neat to see their tradition in barrel racing continue. Their homebred mare ran by Weast is a gritty, tough barrel horse who can win in about any set up. Even though it is Weast's 1st NFR, with her family she will know all the ins and outs of the NFR and I look for this team to be in the round money right away.

In #8 comes another 1st time NFR Qualifier, Jessica Routier & Fiery Miss West (Missy). Routier may be a new name to many, but if you have been in the north country you have seen Routier winning for years. Everyone knew the minute she decided to go on a bigger circle of rodeos she would be at the Finals. Routier has won at every level on all kinds of set ups and competing in the north is used to competing in all kinds of tight set ups, so the NFR setup won't bother them one bit. She trained Missy herself and has won on her at futurities, derbies, and now rodeos so they are very familiar with each other. This team may be a sleeper to give the top girls a run for their money. Routier & Missy should love the NFR setup!

In #9 is the now 3 time NFR Qualifier Ivy Conrado. This is the 2nd NFR in a row for her to ride KN Fabs Gift Of Fame (JLo). Last year at the NFR, JLo & Conrado placed in 8 rounds, Won Round 5, finished 2nd in the Average (their time of 137.40 would have been a record if it wasn't for Miller's 137.32) and cruised to earnings of \$154,340. Between this being Conrado's 3rd trip to the NFR and JLo's 2nd, this team should be ready to be a force again this year. JLo and Conrado placed nearly everywhere they went

through the year and this allowed Conrado to really rest JLo and have her right for the NFR. Look for this team to be placing all week long and moving up in that average to get some big checks when the NFR wraps up!

In #10 in the World is Tammy Fischer and her blonde bombshell, LK Sheza Hayday (Ziva). Fischer is now a 7 time NFR Qualifier returning to the NFR for the first time since 2011. Her and Ziva were just out of making the NFR last year and this year a huge 4th of July run (\$29,133) put them in the middle of the standings and they never looked back. Always a tough, veteran competitor, Fischer returns with a horse, Ziva, who is just as tough of a competitor as she is. Ziva gets better and better with more runs so the NFR should fit her great. Since they are \$100k back in the standings behind Kinsel, they have nothing to lose so they will be running at that \$26k of round money every night!

In #11 is a newcomer to the NFR, Kelly Bruner and her mount Suzytresseis (Suzy), who ironically is a gelding! This team had a good summer and used a 2nd place finish in Calgary to move into the Top 15 and qualify to their 1st NFR. This is another team that people may not be familiar with, but Bruner and Suzy have been tearing it up at barrel races across Texas for the last couple years and just decided to widen their circle. Suzy is very fast and has won on a number of different setups and Bruner is a veteran competitor. She is a veterinarian, so the pressure of the NFR should feel like a day off!!

In #12 is Tracy Nowlin and her cool little mare DJG Madison (Dolly Jo). Nowlin and Dolly Jo embody the rodeo dream; one dream, one person, one horse. Dolly Jo was supposed to be a calf horse, she ended up on barrels, Nowlin trained her, recognized her talent and just kept going to rodeos. They kept on winning until eventually she went to more and more rodeos and now here they are, running at their 1st NFR! This is another tough, gritty, little mare that will try her guts out for Nowlin. They have won all year

long indoors and outdoors and it will be fun to see what this pair can do at the Thomas & Mack!

In #13 comes Amberleigh Moore and her speedy brown mare, CP Dark Moon (Paige). This pair has wowed everyone over the last couple years at the Thomas & Mack. In 2016 she came in 15th in the world after barely qualifying to light up Vegas, winning 3 rounds, tied the arena record at the time of 13.37, placed in 8 rounds and set the NFR earnings record for barrel racing at the time of \$187,692 (Kinsel broke that record in 2017). The came up just over \$10k shy of winning the world, ending up 2nd in the World behind Mary Burger. Then in 2017 they again won 3 rounds and a few tipped barrels kept them from challenging for the title. So in 2 years at the NFR they have won \$307,692. Paige was sidelined for a good share of 2018, but is now back up and going, rested and ready. We know this pair is blazing fast in the rounds and if they manage to keep all their barrels up so they get an average check too, they may again push the top contenders to the max just like they did in 2016.

In # 14 comes another new face, Jessie Telford & Famous Cool Whip (Cool Whip). Telford placed all year long and had a great late summer run to push into the Top 15 over the final the last couple weekends of the rodeo season. Although Telford may be a new name to most people following barrel racing, she has been a top competitor for years. Plus her and her husband, Jake, run a cow horse training business and he is a former NRCHA Champion so she knows all about keeping a horse sound and happy through a long, tough show similar to the NFR. This experience will really help when it comes to the 10 rounds of the NFR. She is another who raised and trained her horse Cool Whip so she knows all about it and because they know each other so well they should adapt quickly to the NFR setup.

Last but not least is #15 Carman Pozzobon and her speedy

buckskin mare, Ripn Lady (Ripp). Pozzobon and Ripp have been an amazing team over the last several years. They have won at futurities, derbies, and rodeo together; Pozzobon trained her and knows her very well. Ripp has ran in about all kinds of conditions and has won on small and large setups. She was the Canadian Champ in 2017 and won good money at the Canadian Finals on a 14 second pattern so this team should really fit this setup. They could definitely make some noise at the NFR and get in there for round money and average money.

Well, that's all 15 and honestly with \$26k up for grabs every night

and \$67k for the average win, any one of these girls could get on a run and climb all the way to #1. It could be as simple as Kinsel and Miller going back and forth every night for 10 rounds to decide the world champion or someone could upset the apple cart and go up the ladder and win the world! One thing to keep an eye on is the Highest Single-Year Earnings record of \$323,570 set by Linday Sears and Sugar Moon Express (Martha); if Kinsel gets on a roll there is a chance she could catch this record. Amazingly, Sears set this record before the NFR purses were raised.

One thing about it I realize every year as I go through and look at the horses and riders at the NFR; it is an amazing accomplishment for a horse or rider just to make it once to the NFR. There were 756 money earners in the WPRA standings this year so these Top 15 girls are in the Top 2% of all girls that had enough confidence in their horse herd to spend \$400 and buy a card, and win a check. That's pretty amazing!

We would like to wish all Top 15 girls the best of luck throughout the 10 rounds of the NFR! I hope the ground is good, the times are fast and all your horses stay sound!

We thank you for all taking the time to get back with us all year long. We know how busy all your schedules are and we really appreciate you all getting back to us for stories, horse information, and whatever other information we needed from you. If you are a fan at home reading this, just know that your sport is represented by a fine group of women and they truly are wonderful people. We really enjoy being on the journey with you all!

**FULTONRANCH.COM**

born at times and is lazy but is super tough.

**BRR:** What are your horse(s) approximate lifetime earnings?

**Hillman:** Slick, \$568,000+

**BRR:** If your horse was a famous celebrity, public figure or cartoon character, which one would it be and why?

**Hillman:** Slick reminds me of a sweet chipmunk, maybe a cross between the chipmunk characters Simon and Theodore because he is sweet but he's also smart!

Layla well... she's mean and is a know-it-all. I might have to call her the Grinch right now because she's mean. She is determined and likes to be by herself, she is very confident in herself! (And yes, I love this horse! lol)

Sherlock is probably along the lines of Joey and Chandler on friends, like Chandler in the fact he's spooked by a lot of things and like Joey in the fact that you've got to encourage him to work.

**BRR:** What are 3 items you must have to in your truck before you leave for a rodeo?

**Hillman:** First and foremost is our rodeo mascot, 'Lexi' (our red Aussie dog). Always must have snacks! And of course, my driver, helper, best friend, encourager, my coach, Ty Hillman

**BRR:** What two bits do you have that you can't live without and why?

**Hillman:** If I could only have two bits, they would be a twisted gag but of some sort and a ported bit of some sort. Cody Cearley makes the best handmade bits!

**BRR:** What quality or qualities does your horse possess that makes him/her an NFR horse that is different than other horses you have had or trained?

**Hillman:** 'Slick' is completely different than my others, which is way better for the NFR. He is easy, stays round around the barrels and I don't have to worry about driving him by the barrels. And he loves that pen. I am looking forward to that this year.

**BRR:** What schedule of rest, runs and exercise best suits your horse(s) between the end of the regular season & the NFR to have them at their peak during the Finals?

**Hillman:** Since I'm running a different horse than who got me there, this is hard to answer but I do know Slick needs a lot of riding in order to keep him in shape, his muscles ready and his mind in the game. I am incredibly thankful for Ron and Patty Ralls help, especially since they know him so well.

**BRR:** If you could have one piece of advice, quote, or Bible verse on your trailer as you went down the road to share with people, what would it be and why?

**Hillman:** I have so many!... but will have to say this is one of them. 'Trust in the Lord with ALL your heart and lean not on your own understanding, in all your ways acknowledge him, and he will direct your paths.' Proverbs 3:5-6. 'Trust is everything.'

# Headin' For Home

by Sherry Morrison  
Triple M (Mike Morrison Ministries)

**W**e are going to become very familiar with a four letter word this month. For some it will bring joy. For others, not so much. The word? "Gift."

What am I getting? What am I giving? Well, what does God say about it? I can guarantee that if we look at it from God's Word, we'll enjoy every moment of this Christmas season! Of course, the greatest gift ever given is Jesus! And then let's remember that God gives us 'gifts' and we are to use them for the benefit of all.

Please read through them in I Cor. 12:4-27. You will find clear instruction there on how to appreciate the gift in yourself and in others.

But I believe that the Lord showed me something for you this week. In my heart I heard, "Don't study other people so closely that we become more familiar with the call on their life, then we are with

the call on ours." Yes, we can learn from others. But NOT at the expense of becoming THEM!

You are a vital and wonderful part of the body of Christ. Consider giving of yourself this month. It'll be free. It'll be unique and one of a kind. It'll be fun and you'll be blessed!
